

SMART TINT® CUSTOM TEMPLATES SUBMISSION REQUIREMENTS

We accept two types of templates.

1. Digital Templates
2. Physical Templates.

Instructions are below.

*Submission
Requirements
Link*

1. DIGITAL TEMPLATES SUBMISSION REQUIREMENTS

1A. ADOBE ILLUSTRATOR (.AI) FILE (CUT FILE)

- Exact To-Scale Outline: The template must be an exact, to-scale outline of the desired shape.
- First File (Cut File): An Adobe Illustrator (.AI) file containing the precise outline of the panel for cutting. Media inside this file will be exactly what is cut.
- 1pt Black Line Stroke: Use a 1pt black line stroke for the cut file's outline.
- Single Layer: The cut file must consist of only one layer.
- Continuous, Unbroken Path: Ensure the outline is a continuous, unbroken path with no separated corners, and that radii are intact.

2A. PDF FILE (DIMENSIONS FILE)

- Image of the .AI file with the dimensions on the image so we can print out a 1:1 scale.
- Please indicate wire location and direction the wires will be exiting the film.
- Indicate front side and back side of shape.
- Indicate any specific notes.

TO SUBMIT:

- Upload your files and name your files your order number (AB#-). Scan the QR Code to upload files & email your Project Manager a copy of your files.

2. PHYSICAL TEMPLATES SUBMISSION REQUIREMENTS

- For physical mail-in templates:
- Mail templates to:
 - **2168 Nesconset Highway, Stony Brook, NY 11790**
- **Ensure that the AB# (Order Number) is clearly drawn on the box and inside the packaging.**
- Indicate the wire location.
- Indicate which side is being installed that is touching the glass.
- ***Email your project manager the tracking number for the package.***
- No templates will be accepted without an AB# (Order Number).

NO TEMPLATES WILL BE ACCEPTED WITHOUT AN AB# (ORDER NUMBER).
